Professional Summary

Detail-oriented and highly motivated software developer with 2 years of experience in designing, developing, and deploying web and backend applications. Proficient in Java, Angular, and REST API development, with a strong focus on delivering scalable and user-centric solutions. Collaborative team player with a passion for problem-solving, continuous learning, and achieving results.

Technical Skills

- Programming Languages:** Java, TypeScript, JavaScript, Python
- Frameworks & Tools:** Angular, Spring Boot, Hibernate, RxJS, Angular CLI
- Databases:** MySQL, PostgreSQL, MongoDB
- Version Control:** Git, GitHub
- Other Tools:** JIRA, Jenkins, Postman, Docker

Professional Experience

Software Developer

Prado Media LLP— *[Pune]*

Aug 2024 – Present

- Developed and maintained scalable web applications using Angular and Spring Boot.
- Designed and implemented REST APIs for seamless data exchange between client and server.
- Optimized application performance, improving load times by 25%.
- Collaborated with cross-functional teams to ensure timely delivery of features.
- Debugged and resolved critical issues, enhancing system reliability.

Key Project:

- Finance Management System:** Designed a secure loan processing application, automating workflows for loan applications, approval, and reporting. Implemented advanced authentication mechanisms to ensure data security.

Junior Developer

NICE Software Solutions — [Pune]
sep 2023 – Aug 2024

- Built dynamic web components using Angular, focusing on responsiveness and usability.
 - Assisted in the migration of legacy systems to modern Java-based architectures.
 - Conducted code reviews and implemented enhancements to improve code quality.
 - Provided technical support and troubleshooting for existing applications.
-

Education

Bachelor of Computer Science

Savetribai phule University, [pune]
Graduation Year: 2021

Master of Computer Science

Savetribai phule University, [pune]
Master Year: 2023

Certifications

- Oracle Certified Java Programmer (OCJP)
 - Angular Certification by Java By Kiran Institute
 - Spring Framework Essentials
 - Full Stack Web Development by Java By Kiran Institute
-

Projects

- **E-commerce Platform Dashboard:** Developed an admin dashboard for managing orders, inventory, and analytics, improving operational efficiency by 30%.
 - **Expense Tracker App:** Created a mobile-responsive web app for tracking personal expenses with real-time data visualization using Angular and Chart.js.
-

Achievements

- Recognized as "Employee of the Quarter" for exceptional project delivery.
 - Reduced API response time by 20% through efficient backend optimizations.
 - Improved code coverage from 70% to 95% by writing comprehensive unit and integration tests.
 - Successfully led a small team of developers to deliver a key module two weeks ahead of schedule.
 - Implemented a CI/CD pipeline, reducing deployment time by 40%.
 - Enhanced application security by introducing JWT authentication and role-based access control.
 - Consistently received positive feedback from clients for on-time delivery and high-quality solutions.
-

Interests

- Exploring new frameworks and technologies
 - Participating in hackathons and coding challenges
 - Mentoring junior developers
-
